S.NO	SUGGESTIONS	ACTION TAKEN
1.	Students can be given opportunities to interact with industry experts.	To make the syllabus more relevant, teachers and institute planned and organised more seminars/conferences/workshops to provide more opportunities for interactive sessions with experts
2.	Practical learning sessions can be increased.	It was seen that students are more concerned about practical learning and so to help teachers deliver their lecture by giving more live examples, case studies to connect the topic with the current national and international events
3.	Seminars can be conducted to have the talks of experts.	To make the syllabus more relevant, teachers and institute planned and organized seminars/webinars/conferences/workshops to provide more opportunities for interactive sessions with experts.
4.	The students are to be assured with the availability of teaching learning materials	E-resources were given to students through LMS (Google classroom), so that adequate learning material and resources reached the students in time
5.	Teaching learning experience can be substantiated with some additional programmes.	To increase the teaching learning experience, workshops, industrial visits and conferences were arranged from time to time by the institute
6.	Students can be encouraged in sports and cultural events.	To enhance extracurricular activities and sports, The institute every year organise Sports fest for students along with different inter college competitions
